FOR IMMEDIATE RELEASE [DATE]

[EXHIBITOR NAME] TO PROMOTE MOBILE SOLUTIONS FOR 5G AND BEYOND AT THE
2017 WIRELESS INFRASTRUCTURE SHOW

Visit us at Booth [###] to Learn About [XYZ]

[Dateline – location/date] – [EXHIBITOR] is pleased to announce that it will exhibit at the 2017 Wireless Infrastructure Show, the industry’s premier event focusing on mobile infrastructure for 5G and beyond. The three-day conference and trade show at the Rosen Shingle Creek, May 22-25, will gather nearly 3,000 technology and telecom executives, policy-makers, financial analysts and national media.

[EXHIBITOR OVERVIEW – describe here your commitment to mobile solutions, what you will be exhibiting at the show, any related news or announcements you will make at the Wireless Infrastructure Show, etc.]

Wireless Infrastructure Show attendees represent all facets of the wireless ecosystem, from carriers and tower companies to engineering firms and equipment manufacturers. The broad array of participants makes the event important for generating new ideas and creating new partnership and growth opportunities for deploying next-generation wireless networks.

“The Wireless Infrastructure Show is the best place to see firsthand new mobile network technologies and innovations for 5G and beyond. We are looking forward to meeting with many of our key customers as well as showcasing some of the great new products our company offers,” says [INSERT FIRST AND LAST NAME/TITLE/COMPANY, e.g. Jane Smith, president of Widget Corporation.]

In addition to offering attendees the chance for a hands-on demonstration and in-depth information about [EXHIBITOR’s breakthrough product/service/etc.], the 2017 Wireless Infrastructure Show will feature several education and networking events.

[EXHIBITOR NAME] will be at booth [##] in the Exhibit Hall in Gatlin B&C of the Rosen Shingle Creek in Orlando, Florida. Exhibit Hall Hours are Tuesday, May 23, 3:00 – 7:00 p.m. and Wednesday, May 24, 10:30am – 2:30pm

“I encourage everyone in the industry to come share ideas, build relationships and have a little fun while attending the 2017 Wireless Infrastructure Show,” says [INSERT LAST NAME, e.g. Smith].
